

Make Chrome your Default Browser

Note that these steps will only work if you have iOS 14 or iPadOS 14 installed.

- 1 Download the latest version of **Google Chrome** from the App Store [[Direct Link](#)] or update the app if you already have it.
- 2 Launch the **Settings** app.
- 3 Scroll down and select **Chrome**.
- 4 Tap **Default Browser App**.
- 5 Tap **Chrome**.
